Dr. Gerald L. Root died very suddenly on Saturday, May 17, at Mt. Pleasant. He and his wife had recently returned from a trip to Italy to visit their daughter, Mary.

It was a shock to a lot of us who knew Gerry. He was here at our 74th Alumni Homecoming and thoroughly enjoyed the day at the football game and dinner. We say, thank you, Gerry, for having been a part of G.H.S. The home address is 1023 S. Washington, Mt. Pleasant, MI 48858.

**ATOMIC EXPLOSION?**—Not really. The photo was taken by Melvin Vallad from his home, of the Bald Hill forest fire on Saturday, May 10, around 12 o'clock noon. The view is from the corner of County Road 612 and Babbitt Road looking east. According to the Vallads, a few minutes before the picture was taken, the top portion of the mushroom shaped smoke was perfectly round.

## 12 To Receive Diplomas

## Adult High School Graduation Set For This Saturday Evening

Twelve area adults will receive their high school diploma at graduation exercises Saturday evening, May 24, 1975. The Adult High School Commencement will begin at 8:00 p.m. in the Joseph Stripe Auditorium. Those receiving their diplomas include Viola A. Porter; Ellen L. Henning; Deborah Irene Moon; Eugene R. Lobsinger; Robert L. Cooper; Lois M. Collen; Mark T. Gallop; Douglas E. Davis; Carl R. Gidner; Velva LaMotte; Carol Wooden and Dennis Norton.

For those graduating as well as for the other students enrolled in the 1974-75, Saturday evening's program will mark the end of a record breaking year in terms of Adult High School Completion. To begin with, a record enrollment of 68 persons enrolled in September of 1974 to begin working towards their high school diplomas. As a result of the large enrollment, several new classes were offered to those students returning to school. Some of these classes were Current American Issues, Economics, Music, Poetry and Art and Journalism.

The Adult High School student body was able to accomplish several other firsts for the Grayling Community School Program. Shortly after the beginning of the school year the first Adult High School Student Council was formed and Rodney Lobsinger was elected as the first president of the student body. Also, about this time the Adult Journalism Class made plans to publish the first Adult High School Newspaper entitled "The Comeback".

For the past several weeks, the entire Adult Education Student Body has been engaged in the monumental task of publishing the first Adult Education Yearbook, an attractive memento of the school year entitled "The Goal".

Members of the community are cordially invited to attend Adult Commencement Exercises on Saturday evening.

## Millage Failure - What Are The Consequences?

Since the defeat of the school's requested 3.4 mill increase in property taxes on March 31, 1975 there have been three major developments possibly effecting the school's operation next year.

First, the Crawford County Tax Allocation Board tentatively increased the school's share of allocated millage by .75 (3/4) of a mill.

Second, the Crawford AuSable School Board reduced the millage request in the June election from 3.4 mills to 2.65 mills because of the increase from the Tax Allocation Board.

Third, the school system forced by State law to have a balanced budget; has developed an alternative budget in the event the proposed millage fails. The alternative budget was developed by cutting 10-12% of the programs across the entire school system and included:

The lay-off of six probationary teachers.

The lay-off at a later date of several tenure teachers.

The lay-off of July 1 of several secretaries, custodians, cooks and teacher aides.

Elimination of summer swimming, recreation, band, basketball, and possibly driver education.

Extensive cut backs in intramurals, athletics, vocal music and instrumental music.

Extensive cut backs in transportation including field trips, spectator buses and the late buses.

Cutting of administrative help by returning some to the classroom part of the day.

Cutting back on the purchase of teaching supplies and textbooks.

Superintendent Fraser Dean, stated that because the school district ranks at the bottom of the state in its per pupil expenditure; the school already has an extremely high pupil teacher ratio, an extremely low budget for materials and supplies, and extremely low per pupil transportation costs. Further cuts may well spell disaster for the pupils of the school district according to Dean.

### IS NOT

A PUBLIC FISHING AND HUNTING SITE.  
IT IS PRIVATE PROPERTY  
AND CLOSED TO THE PUBLIC.

This past month has been a shocking one for us as we lost a dear friend — our lovely home on the banks of the AuSable River. It has caused a strain to our bodies, a numbness to our minds. Dear memories lurk around each corner. It was truly a privilege to have lived there and added to its history — it had such dignity and ability to encompass your soul and bring peace and serenity to an otherwise difficult and very ordinary day.

The monetary things can be replaced, but not those priceless possessions which enhanced its history and uniqueness. However, priceless things remain — we are safely together, no one was injured fighting the fire, no other dwellings burned, and only a few precious trees were destroyed.

Our deep gratitude goes to the Grayling Volunteer Fire Department, who fought so courageously; local law enforcement for their able assistance; and our dear friends, neighbors, and acquaintances who sustained us and encouraged us to go on with their strength, prayers, and acts of kindness.

Your expressions will further sustain us as we rebuild our lives here in Crawford County.

bird under the terms of the Endangered Species Act of 1973. With a decline in the population from some 500 nesting pairs in 1961 to 200 pairs in 1971, and another drop to 167 pairs in 1974, this group felt that this action was necessary to protect this species from any possible losses by human disturbance. These birds are ground nesters and their nesting activities can be disrupted by excessive disturbance.

In closing these areas Cravens said that the Forest Service is significantly increasing its efforts on the Huron National Forest to increase the available nesting habitat for the Kirtland's Warbler and the DNR is doing likewise. Also, the Fish and Wildlife Service is making a great effort to reduce the cowbirds that parasitize the nests of these and other birds. "We hope that we receive the cooperation of all Forest users, bird watchers, berry pickers, motorcyclists, and all, in helping us to protect the Kirtland's Warbler and its habitat: their survival may depend on it."

Earl Marshall

Ida Ellingsworth

Frank LaMotte

Crawford County's three oldest citizens were the honored guests at the Senior Citizens' Apple Blossom Ball held at the American Legion Hall on April 22.

Ida Ellingsworth, our oldest resident, was 100 years old in February. Born in Texas, she spent most of her life in Illinois, before moving to Grayling five years ago. A bouquet of red roses was presented to Mrs. Ellingsworth by Lora Gould, Director of the Crawford County Commission on Aging. Mrs. Ellingsworth lives with Mr. and Mrs. Dale Hall at 802 Park St., Grayling.

Our county's oldest gentleman is Earl Marshall, who will be 93 years old in August. Mr. Marshall worked for the railroad and was a farmer for many years. He has been a resident of Crawford County for 70 years and now resides with his son, Melvin at 114 Clare St.

Frank LaMotte, who was a close runner-up to Mr. Marshall, will be 92 years old on May 29th. Mr. LaMotte is a retired lumber camp cook and has lived in our county for 85 years. He resides with his daughter, Mrs. Marie Akers at 805 Plum St.

Lora Gould presented a boutonniere of dollar bills to each gentleman.

We were very proud to honor these citizens as our guests and they seemed to have a delightful time enjoying the music and dinner with their friends.

## State Police to Have Special Patrols Memorial Weekend

The Michigan State Police will begin special holiday traffic patrols for the Memorial Day weekend on Friday, May 23. Col. George L. Halverson, department director, has reported.

Halverson noted that traffic accidents in the five major holiday periods in Michigan last year claimed 91 lives, 20 of which occurred during the Memorial Day weekend.

In the last five years, 1970-74, traffic deaths during the Memorial Day period have averaged 22, ranging from a high of 26 in 1973 to a low of 20 in three of the years. In the other year, 1970, there were 24 deaths.

The director said that Michigan traffic deaths so far this year are about five per cent less than in the comparable period last year.

In a special appeal to drivers and pedestrians, Halverson said: "Let's continue this improved record. The Memorial Day weekend, which usually marks the start of increased travel, is an appropriate time for drivers and pedestrians to exert the extra effort needed to safeguard themselves and others in traffic."

District commanders will place patrol emphasis on those road sections in their areas where accident experience indicates travel hazards to be of greatest concern. Maximum enforcement will be in effect from 3 to at least 9 p.m. each day of the holiday period.

## MEMORIAL DAY

### Sounds Familiar

He's distrusted, regulated, investigated, probed and damned. He's taxed, tormented and tried by numberless bureaucrats and frequently has no appeal from their arbitrary decision.

He has to stay competitive to survive, which means he must look for new products, new outlets, new merchandising techniques. If he wins, by accurately foreseeing a public need, he finds that the public's been conditioned to confuse the words "profit" and "profiteering." If he loses, local labor leaders will accuse him of endangering the jobs of his employees with reckless expansion.

He's become used to having his motives questioned. If he makes a real effort to bring minorities into his work force, he's told, "We made you do it." Just as frequently, he's told that his efforts are "tokenism."

He'd like to work a 40-hour week but finds it impossible. He takes his briefcase home in the evenings, is down at the shop on weekends. And he's never paid a dime of overtime. He's used to paying for government programs but seldom is on the receiving end.

People who know him very slightly think nothing of reminding him of his civic responsibilities. Yet he manages to sandwich in many more meetings on civic and charitable boards than he does golf dates. If they were to learn what he did, they'd dismiss it as "boosterism." Sometimes he remembers that this country was founded by people who were determined to limit the power of government and who wanted to make sure that individual initiative would be protected. And yet he finds himself defending himself against those who say the government must protect the public from him. He wonders if the record of government has been so good, and his so bad, that he should be a ready-made fall guy for any demagogue—local, state or national. You see, he's that endangered American species. He's a businessman.

C/F Campaign Chairmen

Mr. and Mrs. William Jones were today named local Chairmen of the 1975 Breath of Life Campaign to fight children's lung diseases. The newly-appointed chairmen are residents of Roscommon and will lead local volunteers in raising funds to support the research and care for children suffering from Cystic Fibrosis, severe asthma, chronic bronchitis and other related lung - damaging diseases.

The 1975 Campaign will be conducted during the month of September, which is C/F month nationwide.

Cystic Fibrosis, presently incurable, is inherited when both parents carry the recessive gene. It is believed that one in twenty persons carries the C/F gene, usually without knowing it. When C/F research began in 1960, a child's life expectancy was only two years. Today it is eighteen years. The key to continued progress and eventual cure or control lies in expanded research to be funded by the Breath of Life Campaigns throughout the nation such as the one presently being organized by Mr. and Mrs. Jones.

### THANKS

"Taps," the famous bugle call, was composed by Union General Daniel Butterfield in 1862.

## Y-U Committee Set By-Laws

The local committee of the Youth for Understanding met recently to write by-laws for the program, locally.

Any students who are sophomores this year and will be juniors in the fall of 1975 should contact Christine Smith, counselor at the high school if they are interested in the 1976 summer program. Letters stating the reasons for going will be accepted by the committee at the beginning of the 1975-76 school year.

At the present time the committee is looking for a home for a boy for the 1975-76 school year. He will probably be from a European country and will be here for the entire school year. A girl from Finland has already been placed in a home in Grayling for the year. She will arrive sometime in August.

Please contact the school counselor for any information.

## MSP Summer Productions

On Thursday, May 15, the Main Street Players met and chose their summer productions, which will be done in conjunction with the 6th annual Roscommon Fine Arts Festival.

The Main Street Players' major production will be the well known three-act, "Tell Me You Love Me, Junie Moon," the humorous and touching story of three handicapped people who decide to live together and overcome all the obstacles which their handicaps have thrown in their paths. That play will be directed by Margaret DeSantis of Grayling. Auditions will be held the week of June 16.

The Main Street Players' children's productions will be done as a part of "Art In The Park," which opens the Fine Arts Festival. This year the group has decided to produce two children's shows: revised, modern version of the classic story "Hansel & Gretel," and a non-royalty play which has been done only once before, at Saginaw Valley College, "Vegetables," a charade-play.

The group will hold another meeting on Thursday, May 22, at 7:00 p.m. in the Roscommon County Building, at which time a director for the Children's productions will be chosen, as well as set designers, a stage manager, and other technical heads. Anyone who is interested is welcome to attend that meeting. For more information, please call Margaret DeSantis at 348-2271.

## THE BIBLE SPEAKS

From Calvary Baptist Church

### DIVORCE

The Bible teaches two ways a marriage may end, death or divorce. Both ways came about because of human sin and both were contrary to the perfect will of God. Though death and divorce shall both be destroyed by Jesus Christ someday, in this present life they are realities with which we must deal. Death and divorce are alike in many ways; they both bring pain, heartache and destruction to a marriage relationship and family ties. They both come about as a direct effect of sin. Each partner should approach divorce with the same seriousness they would view death. A scriptural divorce is permanent and it is an abomination for two persons who have been divorced to get remarried, Deuteronomy 24:3,4.

Jesus said that the perfect will of God for marriage is permanence, Matthew 19:4-6. He said that God permitted divorce under the law because of the hardness of man's heart, Matthew 19:7,8. Jesus limited the grounds for divorce under grace to sex sin practiced outside the marriage relationship, Matthew 19:9. Divorce on any other grounds causes either party to commit adultery upon remarriage.

Marriage and divorce involve two aspects, social or legal and sexual. Even state laws usually require both aspects to be fulfilled before the marriage is established. The social aspect involves the marriage license and ceremony and may vary from country to country. The sexual aspect involves sexual intercourse. Scriptural divorce requires the same two aspects.

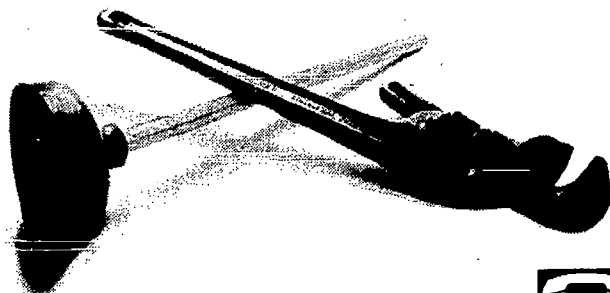

There must be a bill of divorcement which is the legal or social aspect, Deut. 24:1, and the sexual aspect, Matthew 5:32, 19:9. Just as a marriage may be annulled by the state where no sexual fulfillment is involved, so also, the divorce is not recognized by God unless there is sex sin on the part of one of the persons involved. The first act of adultery before, during or after the divorce will make it final before God.

In light of what we have studied is it ever right for a person to file for a divorce? I do not believe divorce is ever right for two Christians. There may come a time in many marriages when divorce will become inevitable because Jesus Christ is not within the hearts of both persons involved. When one party is practicing adultery and refuses to stop, the other person is justified to file for divorce when their heart is hardened beyond repair by the sin of their partner. Adultery is not that light, exciting, romantic thrill exalted by Hollywood and T.V., but rather that wicked, vile, destructive, self-centered, lustful sin which destroys true love, wrecks homes, ruins the lives of children and often makes divorce inevitable. Next week we shall look at remarriage for the divorced person. (adv.)

## Can you really improve your gas mileage?

You sure can, if you'll follow these economy tips from NAPA.

**Avoid fast starts.**  
Acceleration should be neither too fast nor too slow.

**Drive smoothly.**  
Watch the traffic to avoid sudden stops or sudden bursts of power.

**Drive a little slower.**  
The difference in travel time between 50 and 65 is very little. But, the difference in gas mileage is a lot.

**Stay tuned.**  
A properly tuned car will get up to 10% better mileage than a poorly tuned car. It will also create less pollution.

These tips are brought to you by your local NAPA Dealer, where you'll find top-quality NAPA parts. Safe driving tips and safe driving replacement parts are two ways we say, "Let's Be Responsible."

**Stay safe.**  
Have your car inspected regularly for worn or damaged parts. Getting there economically is important. But, getting there safely is more important.

## "Main Stream Musing"

(By Jaymee Seidel)  
**Keep the Old**

Ever have a friend you'd tell absolutely anything? One you could share your laughter and tears with, who loved to dream the same crazy, impossible dreams you did? Sure. Everybody has, at one time or another.

Trouble is, modern life works against friendships like that. Your son finally finds a "best buddy," and a week later his Dad is transferred. You meet some special person in college, at church, or on the job — whose friendship comes to mean as much as sunshine and daily bread. And then it comes — a life takes off in a different direction, and everything changes.

In college, my husband and I became close friends with a couple who could hardly have been more unlike us. They were Catholic and Bronx, N.Y., we were Protestant and Indiana. But we met in a time and place — the early 60's on a college campus — where the common struggles of early marriage, money troubles and getting the degree brought us together.

For four years, we shared everything. A Thanksgiving turkey served in the bedroom of our apartment because it was the only room big enough to put a table that would seat four. The picnic where a swarm of bees sat on all the food and sent us running for cover. The ratty Christmas tree that was only as high as our knees but seemed to be the finest one any of us had ever seen, because that was the Christmas we had an added celebration — they knew they were to be parents for the first time.

Little Eddie, the subject of our Christmas joy, is 9½ now. In the years since his birth, we've seen the Dohenys only 3 times. The distances between us have ranged from 300 to 1800 miles. Letters and phone calls have kept us in touch. I mark the years by a pile of snapshots that show little Eddie going from a curly-haired cherub to a gangling Little Leaguer.

The mobility of life today seems to be trying to turn us into plastic people whose friends are interchangeable. We are programmed to think, "Oh, well. So we're moving to Peoria. I'll probably meet someone there who's pretty much like good old Joe." And if we do, it's because we never really got to know old Joe, any more than we will his replacement ... what makes him hurt, what makes him laugh, and why.

But there is, after all, only one good old Joe. And a society that seems determined to alienate us from one another can't change that, not yet. That's why a couple of weeks ago our family swallowed our rural Midwestern fears of big cities, and took a train to Philadelphia.

It was perfect. Ellen's Irish mother's Italian spaghetti tasted better than ever. Ed hasn't lost his way of turning an everyday experience into a hilarious adventure in the telling. It was like living the best years of our lives over again. But it was better than that, too, because the years since we'd seen them had given us more gifts to share — a son in their home, a daughter in ours, bits of wisdom and insight, pain and laughter.

Years ago around a Girl Scout campfire, I learned a little song: "Make new friends but keep the old. One is silver and the other gold." In these trying new days, old friends are to cherish.

## Place Second In Essay Contest

Theresa Douglas, daughter of Mr. and Mrs. Tom Douglas of Traverse City, and granddaughter of Mrs. Beulah Moore, of Grayling, was second place winner in the Law Day essay contest sponsored by the Lawyers Wives Association of Grand Traverse, Leelanau and Antrim counties.

First place winner was Chris Reamer of Traverse City Junior High School and sharing second place with Theresa was Amy Jones, a student at Traverse City Junior High. Theresa is a student at St. Francis High School.

These girls were the Grand Traverse county winners with others winning in the other counties. All are ninth grade students and submitted essays on "What the Law Means to Me" after referring to the "You and the Law" booklets distributed last year.

Quotes from Theresa's essay: "Laws have always developed gradually and most likely will continue to change along with the times, changing for the good of the people. Justice is obtained through law, if the matter is dealt with fairly and impartially."

## Vike Netmen Fail to Qualify

The Grayling netmen upped their season record to 4-3 following a close 4-3 team victory against Whittemore - Prescott.

In regional action this past Friday, at Leland, the team won four matches but still failed to qualify anybody for the class C state finals.

Tom Kaiser dropped his first singles match of the season against the Cardinals, a 5-7, 6-7 cliffhanger. Kaiser won two matches at the regionals but then lost to the individual who won the meet in singles competition, Jon Thompson, in the No. 2 singles spot, lost in three sets, 0-6, 6-3, 3-6.

Louie Madill beat the number two seed, at the regionals but failed to win after that. He picked up a 7-5, 6-2 win against W-P.

Wendy Gee went three sets to win her match 6-4, 3-6, 6-1. In doubles, Paul Christian and Clare LaChapelle won 6-3, 7-6. They also won a match in the regionals. Scott Fick and Dean Darling dropped a 6-7, 3-6 decision.

Grayling won the match against the Cardinals when Ken Doty and Jim Whaley picked up a 6-3, 4-6, 6-3 win.

The Vikings play their last match of the year at home against Boyne City on Thursday, May 22nd.

## Is there a gun in the house?

A guy named John Biggett in Tennessee is selling signs that say "There are NO GUNS in This House." The words run rampant on a field of bullseye.

The signs cost \$6.30 for 1,000, postage paid. The advertising advises: "Put this sign on your front door if you feel there is no need for firearms. You realize, of course, that this would be an open invitation, informing degenerates bent on rioting, plundering, robbery, murder or rape that you and your family are defenseless..."

I'm no dummy. I know Biggett is being sarcastic. How many people do you know with 1,000 front doors? But Biggett did give me an idea...

For a long time I had been sick of the neighborhood plunderer coming to our door, asking if we had anything we wanted plundered. He was showing up at least once a week and this was without the enticement of a NO GUNS sign on the door. But what if I posted a sign saying: "There are LOTS OF GUNS in This House?"

Brilliant. The sign went up the next day, in red Crayola, the words running rampant on the field of cannons.

The next day the woman next door came knocking. She wanted to borrow a cup of guns.

I asked her why and she said her husband was a degenerate who never stood up straight because he was bent on rioting and socking her in the chops. She wanted a gun to defend herself.

I asked her how she ever came to marry such a nut. She said the bum came courting in answer to the sign on her door. Her sign said: "There are NO GUNS in This House."

## Federal government slump-proof industry

All the world is not really going down the hill in a handbasket these days.

And in the arena of national economics, all the spots are not necessarily dark and dismal.

For example, despite the slings and arrows of today's economic woe, at least one industry is on the upswing.

Employment in this particular industry in February, for example, was 2,719,053 - that's an increase of 8,537 over January and a healthy jump of 35,644 above a year ago.

The trend is for long-term growth, too; in the past 10 years, this particular enterprise has increased its payroll by 340,000.

Don't be shocked; this slump-proof industry is the federal government.

As The Wall Street Journal pointed out, "it will come as no further surprise that greater Washington, D.C. remains a boom town while stagnation reigns in most of the other larger cities of the nation."

While I don't have the statistics at fingertip, the thought prevails that a similar pattern of growth could be noted for state government, too—at least in Michigan.

When was the last time you heard about a state agency or state operation reducing its work staff? It has happened in the past, but the instances have been few and far between.

Continues The Wall Street Journal: in its editorial about federal growth: "As we said, the news isn't all bad. But maybe we're straining too hard to try to find something good about it."

In case you may have missed the

item, the Supreme Court of the United States recently refused to decide the constitutionality of state divorce laws that allow alimony for women but not for men.

A Georgia man had appealed, contending that a Georgia law barring alimony for men was unconstitutional. The supreme court, by rejecting the appeal, in effect found nothing wrong with alimony discrimination.

Five years ago, the court rejected another challenge to the same law.

In general, the supreme court has held that "if discrimination such as in the alimony case is a rational way to achieve a legitimate legislative goal, it is permissible," according to the United Press story on the case.

The alimony ruling follows action by the supreme court last term upholding a Florida law which gives widows, but not widowers, a property tax break. Explained the UPI story:

"The court said it was clear that women do not yet have the same earning power as men and that limiting the tax exemption to women was a rational way of recognizing that fact."

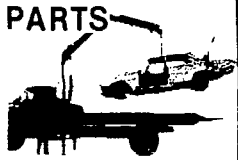

Well, men, tighten that belt; it looks like we're not quite equal to women yet. But the day may come...

One of my favorite quotes of all times, attributed to David Brinkley of television news fames, recently appeared again:

"There are numerous countries in the world where the politicians have seized absolute power and muzzled the press. There is no country in the world where the press has seized absolute power and muzzled the politicians."

## SBA Assistance Deadline June 27 For Tornado Victims

Victims of the April 19 tornado in Crawford County are advised by the Small Business Administration that even though the Disaster Office which was located in Frederic has been closed, that they may contact either the Flint Office, located at Room 200, Federal Building, 600 Church St., or contact Robert D. General, Branch Manager, SBA Disaster Operations at 313-226-4030, 1200 Book Bldg., 1249 Washington Blvd., Detroit, Mich. 48226.

Mr. General stated that the deadline for filing application for financial assistance is June 27, 1975. The maximum that SBA can lend is the amount of damage actually incurred less any insurance or other recovery. In no case can SBA loans be more than \$50,000 to repair physical damage to a home. In addition to this, Mr. General stated that the SBA may lend up to \$10,000 to repair or replace household goods and personal property, provided that the combined total does not exceed \$55,000. Further, SBA may approve business disaster loan up to \$500,000 on a direct loan basis or as a share of a loan in participation with another lender, plus eligible refinancing of existing mortgages. Refinancing homes and business real estate mortgage may be authorized up to the amount of the uninsured physical loss sustained on the property. SBA's disaster loans may be made for up to 30 years duration at 5% interest rate. However, maturities are limited to the term necessary, based on the applicant's ability to repay. New regulations make it possible to

assist churches, charitable and non-profit institutions as well as homes and businesses of all sizes.

Mr. Raymond L. Harshman, Acting District Director for the Small Business Administration's Detroit District Office cautioned that disaster victims should be aware of persons who seek to represent the disaster victims for a fee. He stated that all those effected by this disaster should ask to see when they are approached by persons posing as representatives of the Small Business Administration.

## The Master's Touch

God must love beauty, to use it so lavishly. The Master Artist dapples the soft green leaves with golden sunshine, turns the brook to flowing crystal, and puts a song into Spring itself.

There is beauty in us, too... because He put it there. In His sight, none of us are ugly, none of us are forsaken, none of us are "lost."

But sometimes, in the busy process of day-to-day living, we turn blind eyes upon the world's loveliness, and take for granted the gifts which should brighten the hours and years. We need a faith that gives us vision to find again the inner beauty He gave us in the beginning... a gift which He never takes away. Let us go, then, to His Church. Let us "enter into His gates with thanksgiving... for the Lord is good: His mercy is everlasting; and His Truth endureth forever."

**Forecast Period: May 25 to May 31**

**ARIES**  
Mar. 21-Apr. 19  
Your emotional reaction to a romantic situation should be highly favorable. You might be forced to put a few bad habits under control. However, affairs of the heart, look good!

**TAURUS**  
Apr. 20-May 20  
It's possible that you'll exchange a few secrets. Be certain that what you hear isn't meant to manipulate you to fit into someone else's scheme of things.

**GEMINI**  
May 21-June 20  
Avoid poor communications with a member of the opposite sex. On the brighter side? A long term sacrifice will begin to pay off, this week.

**MOONCHILD**  
June 21-July 22  
Most members of your sign will be "pinch hitting," this week. In other words, it's highly probable that you'll be involved with an unfamiliar task.

**LEO**  
July 23-Aug. 22  
You will have to step out of character for a few days. Stellar patterns advise that you plicate... settle for half instead of the whole.

**VIRGO**  
Aug. 23-Sept. 22  
It's during this cosmic cycle that smoldering animosity could break into open warfare. So, curb the urge to provoke a routine associate; pamper the opposite sex.

**LIBRA**  
Sept. 23-Oct. 22  
It's soft lights and sweet music, for most unattached members of your sign. Obviously, things should go well in affairs of the heart. Look for an across the board improvement!

**SCORPIO**  
Oct. 23-Nov. 21  
Someone in authority will give you good advice. Also, take that sword out of your belt... getting along with your associates is very important, now!

**SAGITTARIUS**  
Nov. 22-Dec. 21  
This week, boredom might hit you as a fist. It seems as though you'll undergo a period of much, much too much, self criticism. It'll pass!

**CAPRICORN**  
Dec. 22-Jan. 19  
Listen, closely, to your mate or similar alliance. According to prevailing stellar patterns, you'll receive excellent financial advice. One more thing, nostalgia's in the air.

**AQUARIUS**  
Jan. 20-Feb. 18  
An associate, so it seems, will point out one of your bad habits. As the old saying goes: A hint to the wise is sufficient.

**PISCES**  
Feb. 19-Mar. 20  
One or more of your suggestions will be criticized. It would be a good idea to keep your thoughts and opinions to yourself at least, this week.

Dear Sir:

I would like to send a message to the volunteers who assisted the Red Cross during the emergency phase of our operation, immediately after the tornado.

It is gratifying to find public servants, such as Mr. Harold Mertes, Supervisor of Frederic township, his knowledge of his people, their needs and his willingness to assist, allowed us to do a better job.

To Mr. Harold Mertes, the entire volunteer fire department, and so many other local residents, please accept the deepest appreciation of the American Red Cross, for your advice, help, and comradeship. A heartfelt "Thank You!"

## Jack Pine's Stump

This is written at the absolute deadline which the editor sets for me. I really shouldn't wait 'til this last moment, but I enjoy bugging him, even though I know it makes his job a lot tougher. Actually, I really haven't got a whole bunch to say, so I have been scrounging around in my mind trying to come up with some comments of undying interest.

The weather this past weekend was absolutely beautiful. But what really made my weekend was a wedding held at the Fisherman's Chapel on the South Branch of the AuSable. It was for a couple of friends of mine and conducted by Reverend William Fraser, who has retired from his ministry. It was simple and honest and not full of the bunch of stuff you usually get at that kind of ceremony. The Chapel is hard to find by road and several people

## JANSEN ATTENDS AGENTS WORKSHOP

Dave Jansen, of Sorenson Agency and Associates, attended the Young Agents Spring Workshop Conference in Kalamazoo, Michigan from May 14th to the 16th.

The conference is designed to keep Young Agents up to date on new product development and current legislation. It also covers new ideas in the marketing of insurance and ways of improving service.

## School Activities

On April 29, 1975 Miss Bovee's Fifth grade class went to Ray's Canoe Livery.

We were told how a canoe livery was run. First Mr. Westervelt gave us a map of the river. He showed us all the routes and landings, like the State Forest Campground, Sportsman's Park, Public Access, Luzerne Park, etc.

There you rent a canoe and go to wherever you want to go on the river.

Bruce Carlson

On May 6th, Mrs. Bovee's fifth grade went to Kirtland Community College aviation maintenance technology program. There we saw two airplanes being fixed. There was a helicopter and an old airplane with cloth covering. They were fixing an engine. In order to graduate from the college they had to fix an engine. We got to play in the helicopters and airplanes outside. Mr. Bohn was in charge there. We ate lunch there and then we walked back to school.

Dave Pettit

Our class had a girl from Brazil. Her house has 27 rooms all together. They have another house, it is a ranch, it has 18 rooms. They grow fruits like pineapples and bananas and others. She said that there were snakes and spiders. She said that one day she was walking with her sister when she found some eggs. She thought that they were chicken eggs. So she took them in the house and cracked them open. A baby snake came out and then she killed it and the others. And then she said that spiders get into your boots.

She has fifteen horses. She said that she had 4 sisters and one brother plus herself. She said she had 3 maids all together. She has 11 people. There are 20 families living there too.

Dennis Kuhn

Paulo Baia is from Brazil. He is a Portuguese boy. He came from South America to have a look at our state. He showed us some slides on some cities in South America. After he was done, he did the alphabet in Portuguese. Before he showed us some slides on South America, he told us things about his house. It has twenty-one rooms in his house. Paulo is a nice boy to talk to. He likes hot dogs and french fries. His country is not all jungle like all people think. It has cities like we do and they have clothing like we do!

## Our Fun Week

We went to the WGRY Radio Station. At the radio station some of us got to talk on the radio. And when we were not in the radio station we were at the tower. It is 165 feet tall.

We went to the post office. We saw the vault. We went inside the truck. Mrs. Yatch mailed a letter. Mr. Baker let us look at the canceller. We saw where they sorted the mail.

Mr. Hoover of Hartwick Pines came and showed us some slides of wild flowers of spring. We learned that many flowers can be poisonous. We learned that you shouldn't pick wild flowers and some are almost extinct.

### Senior Citizens Plan Tour of Scandinavia

Lora Gould, Director of the Crawford County Commission on Aging, is extending a personal invitation to all area Senior Citizens to take part in a 14 day tour of Scandinavia. The tour will depart on September 4th for a visit to Denmark, Norway, Sweden, and Finland.

Our first stop is Copenhagen, Denmark, the "Paris of the North", where we will meet our tour escort for the entire trip. During your two day visit you will discover why Copenhagen is a culture lover's dream, a gourmet's delight, and a shopper's Shangri-la.

A modern 10,000 ton steamer will then take you on an overnight cruise to Oslo, Norway. Six beautiful days are planned for us in Norway's spectacular fjord country. Our motor coach tour takes us through impressive mountains and barren reindeer country, past cascading waterfalls, silver lakes, and snow capped mountains.

After breakfast, we will fly to Stockholm, Sweden, one of the most interesting and certainly the most sophisticated of Scandinavian cities. After a sight-seeing tour, we can spend time enjoying their wonderful theater, great shops, fantastic restaurants, and their charms.

Following a two day visit in Stockholm, we fly over the Gulf of Bothnia to Helsinki, capital of unspoiled Finland. Our sight-seeing trip provided a panoramic view of the "Daughter of the Baltic", a visit to the famous "Rock Church", and Parliament. During our free time, there's the Helsinki Zoo, scores of museums, and lots of activities to keep us busy. Our tour escort is available for other ideas during our stay in Scandinavia.

After a farewell dinner at the Russian Tarvola, our Finnair jet will take us back to the United States. The memory of a once-in-a-lifetime holiday will never be forgotten.

We are planning a fun filled and exciting tour for you! Interested persons are asked to contact Lora Gould or Connie Vaughn at the Senior Citizens Center, 308 Lawndale, phone 348-9314 for reservations or more information. All reservations along with a deposit must be in the Center by June 15th. The cost of your trip includes all expenses except items of a personal nature.
